Successful Certification According to ISO 14001:2004

It was hard but successful work. The auditing of our Environmental Management System according to the international ISO 14001:2004 took almost three days. With the issuance of the Environmental Management Certificate from DEKRA, it has been officially confirmed that we have integrated the protection of our employees and the environment in our company goals with the commitment to continuous improvement.

All departments in the company headquarters in Weingarten were audited May 3-5, 2010. Company Management would like to thank everyone involved for their successful and dedicated support.

The ISO 14001:2004 certificate is available to all sales employees and will be integrated onto our homepage so that it can be downloaded. The following languages are available: German, Russian, Spanish, Italian, English and French.
